Application No.: 10/804,039

Examiner: T. LE

Filed: March 19, 2004

Docket No.: 101266.02

For: ELECTRONIC COMPONENT AND SEMICONDUCTOR DEVICE, METHOD OF
MAKING THE SAME AND METHOD OF MOUNTING THE SAME, CIRCUIT
BOARD AND ELECTRONIC INSTRUMENTSTATEMENT OF SUBSTANCE OF INTERVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

During a telephone interview with Examiner Le on February 9, Examiner Le indicated that the issuance of the Recordation of Patent Grant was delayed because the U.S. Patent and Trademark Office asserts that 1) the filing date of the priority of the above-identified application is more than one year from the filing of JP 8-339045; and 2) the priority of PCT/JP 97/04437 was not claimed.

The above-identified application is a continuation application of prior pending Application No. 10/254,600, filed September 26, 2002, which is a divisional of Application No. 09/117,510 filed April 22, 1999, now U.S. Patent No. 6,475,896. U.S. Patent No. 6,475,896 is a national stage of PCT/JP97/04437 filed December 4, 1997. PCT/JP97/04437 claims priority to foreign applications No. 8-356880 filed December 26, 1996 in Japan, 9-91449 filed March 26, 1997 in Japan, and 8-339045 filed December 4, 1996 in Japan. The priority of the foreign application was claimed under 35 U.S.C. §119 and/or §365(b), and a

Application No. 10/804,039

copy of the priority documents was transmitted by the International Bureau in prior application PCT/JP97/04437, as indicated by the Application Transmittal filed with the above-identified application. A copy of the Application Transmittal filed March 19, 2004 and the Filing Receipt are attached.

Thus, the above-identified application properly claimed priority to PCT/JP97/04437. Further, PCT/JP97/00437, filed December 4, 1997 was filed not more than year from the filing of JP 8-339045, filed December 4, 1996. Thus, because the application properly claimed priority to PCT, the filing of U.S. Patent No. 6,475,896 was not more than one year from the filing of PCT/JP97/00437.

Prompt processing of the Letter is respectfully requested. Should the Examiner believe that anything further would be desirable in order to expedite processing, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
